

Vernon Davis, the tight end for the 49ers went to Cali Wheels to get his Black Mercedes-Benz S63 customized. They hooked him up with 22" Staggered Lexani LSS-10 (2-Tone) Wheels.

Some other modifications done to this car include ; Lowering, ECU Tuning, Custom painted calipers with AMG decals, and after market CL grille.

Fitment looks good, wheels look good. Very impressive. Most people usually put expensive 3-piece wheels on really expensive cars like this. But why not put 1 piece cast wheels like Lexani, when you can get it to look this good.
