Snoop Dogg – The Weed Iz Mine Lyrics

[Verse 1 - Snoop Dogg]

I wake up early in the morning and it feels so good
Smoking on some shit that you wish you could
Jealousy envy, please don't feel bad
This weed is mine get your own bag
A sack full of OG under lock and key
None for the homies this is all for me
Got a blunt looking like a Cali Palm tree
Police roll by I got nothing on me
Cause the smoke's already in the air
I'm loc'd up with two blades in my hair
Allstar with the Khaki suit
I'm gonna f-ck around and take it back to the classic Snoop
On the east side standing on the VIP
Back then the only red was my E-Y-E
You's a PYT and you're looking so fine
I'm sorry baby girl but tonight

[Hook]

This weed is mine
This weed is mine
You can't have it
This weed is mine

[Verse 2 - Snoop Dogg]

Get back to the episode, sacks of the chronic
Out of this world, could relax on a comet
This is church music, listen to the choir
To burn my kush you must use fire
D-O double G like never heard before
Smoking that bomb like THC4
West coast worldwide sea shore to sea shore
When's the last time you've seen a G in a G4?
Don't worry I'll wait
Time's ticking I'm tripping
I'm slipping I'll wait
Into the zone where these hoes on my dog bone
A dogg whistle and they download my ring tone
And she is hypnotized by this pimp's poem
What I got here is mine, go get your own
I put beats to rhymes, get piece of mind
OZ's, two dimes, this weed is mine

[Hook]

[Verse 3 - Wiz Khalifa]

I hear n-ggas talking about what they rolling up
Smell what I smoke 'fore the bag open up
Good chance if you see me that I'm smoking one
License to get it from the man who write this shit
Real n-gga, buying weed, I zoning up
If I'm in the building it's hard not to notice it
Hit up Willy, said "Dawg, I got some hoes to f-ck"
I'mma fall through with an ounce of the potent shit
Don't trip bitch, we gon all sip, blow the whole zip
Let you hit mine, plus you supplying your own little bit
My n-gga get high and let the hoes twist!
Say you don't f-ck with kush, look how you rolled it
They ain't smoking like ours
I'm rolling up papers, they be burning for hours
And if it's fire, I'm smoking the whole thing entire

[Hook]
